

Build your AI4Oro

Check what your business needs. Take the **complete system** or just the parts you use today. We turn on what you actually use and shape it to how you work.

THE COMPLETE OPERATING SYSTEM

All nine parts, in one place (recommended).

1 · THE DAILY OPERATION — what I do all day

- Buy gold**
weigh, day's price, pay
- Sell**
retail & wholesale
- Pawn**
contract · renewal · forfeit

2 · YOUR MONEY & YOUR GOLD — my balances and where the cash comes from

- Live cash**
daily close, what I have for tomorrow
- Investors / capital**
deposits, interest, returns, balance
- Gold inventory**
raw gold, jewelry, pawned collateral

3 · BACKING & CONTROL — I'm covered and I see everything

- Compliance**
RUCOM, UIAF, withholding, records
- Accounting**
daily balance + bank reconciliation
- Reports**
by day, month, shop

EXTRAS — if you need them

- Several shops**
all consolidated, in real time
- Team: users & permissions**
who sees and does what
- Something else**
tell us: _____
